

5 December 2023

PAPER CLASSIFICATION: OPEN

Council

UPDATE ON TOPICS FOR 2024 REVIEW

(Note by Sandra Godman. If you have any questions on this paper before the meeting, please contact Sandra Godman by email sgodman@theiet.org)

1. Issue

To provide an update to Council on the topics selected for review in 2024.

2. Timing

Council meeting, 12 December 2023.

3. For Note

Council is invited to note the topics selected for review and, where appropriate, indicate individual Council members' interest in engaging with each.

4. Subjects for Review

4.1. At its October 2023 meeting, Council received two papers: CO(23)20, outlining a new way of working to enhance delivery of the strategy through an annual cycle of reviews, and CO(23)21, outlining potential topics for review in 2024, on which Council had the opportunity to express its views.

4.2. The Board of Trustees, at its November 2023 meeting, also considered the topics for review and provided a steer to focus on existing activities rather than create additional ones. The Executive Committee has therefore agreed that Events and Volunteer Engagement will be brought to the joint Board of Trustees and Council strategy meeting in June 2024. This will be alongside updates on progress on topics discussed at the June 2023 meeting.

5. Next Steps and Council Engagement

At present, staff are working to establish the type and extent of opportunities for Council member engagement in the review activities. Updates will be brought to Council as soon as information is available. In the interim, if individual Council members wish to express interest in one of the subjects, this will be noted.

6. Risk

There is no additional risk identified from the subject of this paper.

7. Resources

Resources for the activities described above are already within the 2024 plan.
